CHRISTIAN SCIENCE.

Middletowners Who Profess This Faith

AT A CHRISTIAN SCIENCE SCHOOL

Will Have the Degree of 'C. S.' When They Complete a Two Weeks' Course. Price \$100—Christian Science Meetings.

Middletown is developing quite a large number of Christian Scientists, and the subject is one very frequently discussed in many circles. The subject is brought prominently to the attention of the public just now owing to the departure on Thursday, of William Groebbing, a North street clerk and Mrs. M. L. Ray, a widow, of No. 115 Wickham avenue, for a place near Troy for a course of study in Christian Science. The course lasts two weeks and the students give \$100 each for the instruction they receive. When they have taken this course they will receive the degree of 'C. S.' which our informant states means 'Christian Scientist'.

The members of the sect in this city meet every Sunday afternoon at the home of Mrs. George L. Evans, No. 115 Wickham avenue. A man who is 'on the inside' says that at these meetings they read the Bible, pray, and meditate on the science of health. These meetings have been held for many months and there has been a slow but steady increase in attendance and in the interest manifested in them.

We are told that some of Middletown's Christian Scientists claim to have reached the point where their minds have been so completely overhauled that they are able to heal others and are entitled to rank as 'mental healers'. It is claimed, however, that by their united efforts through faith and prayer, they have helped many whom doctors and their medicines were doing no good. It is said that nearly all the local believers in Christian Science tell interesting tales of marvelous cures wrought in their own cases by faith and prayer.

It is a valid appeal to the Middle town Christian Scientists to help in pain and disease. The subject is put in communication with the 'Christian Science' who, to a consideration starts in to attend relief and the patient can be healed by a temporary improvement in the improvement is reported and in some cases the improvement is permanent.

In addition to those who profess to be in Christian Science, there are a number in this city who believe in it just a little and some who believe in it just as much as the professed ones but who have not the nerve to avow their belief or attend the meetings. One of the latter class is a woman who is prominent in social circles and is said to have given out \$100 to the local organizers to maintain a list of those who have their own age or their convictions.

A HISTORICAL MAP

J. M. Allerton's Work for the Minnikum Valley Historical Society's Map.

From the last issue of the Minnikum Valley Historical Society's Map, J. M. Allerton, whose home is in Middletown, is visiting his son George, on the place. He went to the town of Port Jervis to procure data for the historical map which he is engaged in making for the Minnikum Valley Historical Society. The territory to be included in the map extends from the Hudson on the west to the Dutchess county line on the east. All parts of which events of historical importance occurred during the colonial period and the Revolutionary War will be suitably marked. The map will be a valuable historical and valuable document.

Port Jervis Going In for Urban Streets

Once a Week

Port Jervis street commissioners have decided to have the business streets in Front and Pike streets to be paved with the street in front of the business places to the street car track every Saturday morning. The street commissioners agree to remove the rubbish from this making a clean street for Sunday. All of which sounds very primitive to us city people who are used to having our streets swept six days in the week.

A Physician Suffering from Blood Poisoning

Dr. H. H. Foughton, a well known physician of Kingston, was taken to the Post-graduate Hospital in New York to be treated for blood poisoning. About a week ago, while removing a tumor from a patient he scratched his left hand. The wound, though slight, was instantly cauterized, but blood poisoning developed in a few days and he was forced to leave his work and seek treatment. It became so bad that he was unable to work.

Farmer Duryea Still Missing.

June 1. Duryea, the Cayuga river farmer who went to New York some time ago and did not return, is still missing. It has come out that he was in debt to several parties. He owes it is said \$1,000 to one of his brothers. It is now thought that when he left Cayuga he did not expect to return.

A Very Large Carp Caught.

A pair of Montgomery caught in the Walkill Wednesday a carp thirty-three inches long over six inches across the back and which weighs twenty-one and three-quarter pounds. The big fish was not much hurt and is now swimming about in a big spring in the village.

A Kingston Physician's Body Cremated

The body of Dr. Dunlap, who died in Kingston, a few days ago, was taken to Troy and cremated. The ashes enclosed in a small urn, were brought back to Kingston, Thursday, and buried in Montpelier Cemetery.

THE APPROPRIATION MEETING

But Little Interest Manifested in It—Only Four Items to Be Voted On.

The appropriation meeting or tax election will be held at the Common Council rooms, Monday. The polls will be open from 2 p. m. to 8 p. m. Little interest seems to be manifested in the meeting, for the amounts asked for are small and are not likely to be actively opposed.

The items to be voted on are: Capital Wm. A. Jackson loan for expenses \$100.00; General Loan for expenses \$100.00; Annual fair parade expenses \$100.00; Thrall Hospital benefits \$100.00.

The G. A. R. posts' items will go through without opposition. The brown reader such faithful and efficient service that property owners will gladly grant them the amount necessary for a big parade. The hospital appropriation is absolutely necessary for the maintenance of Thrall Hospital, which has done and is doing a great work in relieving human suffering, and which has become a public necessity.

In former years, some citizens have voted against appropriations for the hospital on the ground that if the city did anything for the needy, it should come out of the tax fund in the hands of the charity commission instead of being used in the city treasury. The expense fund is now being applied to other purposes and this objection is no longer valid and it is therefore probable that the hospital appropriation will be voted with practically unanimity but all the same every friend of the hospital should make it a point to vote for the appropriation, for sometimes things are lost by being too sure.

OFFICIAL CITY PAPER.

SATURDAY, MAY 13, 1899.

Gen. Otis is doing the right thing in sending regulars to the front in the Philippines to take the place of volunteers who have been on the fighting line since hostilities began. This would probably have been done before had it not been that the volunteers, being thoroughly acclimated, were much better fitted for service than the regulars, who have been at Manila but a short time.

The varying value put on human life under the laws of different States is shown by two judgments rendered this week. Mrs. Griffin, the widow of Walter H. Griffin, secretary of the United States Fire Insurance Company, who was killed by a falling elevator in a New York office building, was given a verdict for \$22,500. In Connecticut, Judge Robinson, ruled that the heirs of an Italian truck hand, struck and instantly killed by a railroad train, were entitled to but nominal damages and fixed the amount at \$10. In Connecticut the old common law prevails and, under it, if death is caused by negligence there is no redress. It is, however, a person lives for some appreciable time after receiving an injury, an award of damages can be made as compensation for the suffering endured.

Foster L. Cook, the Dutchess county farmer, who was convicted of larceny, a few days ago, for taking to himself a second wife on the strength of a North Dakota divorce from his first spouse, is persevering in the matter of marriage. After his first wife had secured a divorce in that State and the courts had held that the North Dakota divorce was invalid, he took his second wife over into Massachusetts and they were married there for a second time. Some one has now told him that this second marriage is of no account since it took place before the bigamy trial, and the couple are going to Connecticut to be married for a third time. If they should ever tire of each other the question might arise how many divorces would be necessary to undo this off-kept knot.

The death of Ex-Gov. Flower removes from life's activities a man who for many years has held a very prominent place in the political and business world. His business career was phenomenally successful, but death's summons came at a time when his greatest enterprises were but fairly launched and before there was opportunity to reap the full rewards of his sagacity and foresight. The keynote of his business career was faith in this country and its limitless possibilities and the keynote of his political career, which was in its way as phenomenally successful as his business life, was faith in the people. He believed implicitly in their intelligence, their honesty of purpose and their ability to govern themselves right. Believing this he was, of course, a Democrat and his sturdy honesty, his out-spoken courage, his promptness in emergencies and his loyalty to the people's interests made him a wise political leader and, when in official place, a safe, conservative and faithful servant of the people. His administration as Governor of this State was one of the best in its history for he gave the people good government at a minimum of cost.

"The Gondoliers."

The company consists of seventy-five people and those attending can be assured of being well pleased. To bring this great treat within the reach of all, popular prices have been decided upon, viz: 50, 35 and 25 cents. The chart for the sale of seats will be open at H. S. Dunsberry & Son's, Thursday morning, May 18. Go early and secure a good seat.

A Burglar Frightened Away.

An attempt to enter the store of J. H. Harris, in Montgomery, was frustrated Thursday morning by the vigilance of Officer Jones. The would-be burglar had broken the glass in one of the front doors of the store and would soon have been inside, but was frightened away by the approach of the officer. The officer fired at the fugitive, whom he thinks he recognized as one of the village's worthless characters.

In His Blood Impure?

This is a question of vast importance to all who wish to be well. If your blood is impure you cannot expect good health, unless you begin taking Hood's Sarsaparilla at once. This great medicine makes the blood pure and puts the system in good health, eradicating humors and that kind of feeling.

# DEWEY COMING HOME.

May Reach New York in Time to Celebrate the Fourth.

WASHINGTON, May 13.—"Send Olympia's mail to B. F. Stevens, 4 Trafalgar square, London, England," is the notice given out at the navy department. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long had cabled Admiral Dewey permission to return at once to the United States. He has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once.

It is estimated that the navy department will reach the city of Manila within a few days. The Olympia will not come under full steam; but, nevertheless, she should make the run to New York in about 65 days from Manila.

Admiral Watson will sail from San Francisco next Tuesday as a passenger on one of the regular Pacific Mail steamships, but cannot possibly reach Manila before the middle of June.

In order to provide for the direction of naval affairs in Asiatic waters before the date of Admiral Dewey's departure, the arrival of Rear Admiral Watson orders have been issued placing Captain A. S. Barker in command of the Asiatic Squadron after Admiral Dewey's departure until relieved by Rear Admiral Watson.

A REAR END COLLISION.

Fearful Loss of Life on the Philadelphia and Reading Railroad.

READING, Pa., May 13.—An accident on the Philadelphia and Reading railroad at Easton, Pa., resulted in great loss of life.

The train usually leaving here for Philadelphia at 3:30 p. m. was over 20 minutes late. At Easton it stopped and waited for a short time. There was a great crowd of people on the platform. The train, also, was for Philadelphia, which left Easton at 7 o'clock last night, bearing excursionists from the Harriman excursion line into the first train.

It was running at least 40 miles an hour and the crash as the engine plowed its way into the train in front was terrible. The two who lost their lives were in the rear car of the waiting passenger train.

Twenty-five or more persons are reported killed and many more injured.

# PREPARING TO FIGHT

Otis Sends Re-enforcements to MacArthur and Lawton.

CAPTAIN GRANT A SECOND DEWEY.

The First Nebraska Volunteers Petition For a Temporary Relief From Duty—Willing to Fight, But Need to Rest.

MANILA, May 13.—Fresh troops are beginning to go to the front. Two battalions of the Seventeenth Infantry (regulars) that had been holding the line about the city of Manila will join Major General MacArthur's division at San Fernando today, and one battalion of the same regiment will re-enforce Major General Lawton's division, near Baguio. These troops will be replaced here by the Twenty-first Infantry regiment, which arrived from the United States on board the transport Hancock Thursday.

Captain Grant of the Utah battery, whose success in managing the army gunboats Laguna de Bay and Cavendish has won for him the sobriquet of "Dewey of the army," has been put in command of the recently purchased Spanish gunboats whose arms the insurgents captured. These vessels are now being prepared for operations on the rivers and along the coast. The outfitting and arming of these gunboats is being pushed with diligence.

The First Nebraska volunteer infantry is taking the unusual step of requesting permission to be relieved from duty at the front. The regiment is badly exhausted by the campaign, in which it has taken an active part, and not more than 100 men of the organization are at present fit for duty. On Sunday last 160 men of this regiment responded to sick call.

The men, in view of the facts, have prepared a respectful memorial to General MacArthur asking that their regiment be withdrawn from the front and sent to the fighting line in order that they may recuperate.

The memorial states that the men are willing to fight, but are in no condition to do so owing to the strain of long marches without rest, and the out-post duty in which they have been engaged.

It is added that many of the men have been unable to have their clothing washed for months past, having been on duty during all that time to sleep in their uniforms to be in readiness for fighting.

The memorial adds that since Feb. 3 the regiment has lost 225 men in killed and wounded, and 59 since the battle of Manila. The officers of the regiment propose to present a similar memorial on behalf of the men.

The splendid record of the First Nebraska in the entire campaign and the tone of the memorial prepared by the men are such that no imputation of insubordination can be brought against them.

Five volunteer regiments and the Utah battery of artillery are at San Fernando. They must in all about 2,500 men.

To Sail May 20.

OMAHA, May 13.—Orders have been received here for the Sixteenth Infantry to sail for the Philippines in time to sail from San Francisco May 29. This will require the regiment to start about the 25th.
